

# Parent Partner Learning Collaborative

## Logic Model Worksheet

### Questions to Consider

- Who should be engaged in completing this worksheet?
- How will you incorporate the results into the program's operations?

See some completed examples [here](#).

Inputs	Activities / Outputs	Short-term Outcomes	Long-term Outcomes
Who does your program serve?  Who is invested in the success of your program?  What resources does your program use?	How does your program serve families?  What specific activities or services are involved?  What happens directly as a result of the program's activities?	What are the short-term impacts for families that you expect to see as a result?	What are the long-term impacts for families and communities that you expect to see as a result?
